Greater Kailash Hospital has fully integrated Cardio Vascular care under one roof. The hospital boasts of its dedicated team which provides modern & state of the art cardiac care facilities.

- ◆ We believe in “**Evidence based**” rather than an opinion based medicine.
- ◆ We are guided by the latest **International guidelines** in all our decisions.
- ◆ All our angiographies & angioplasties are based on **well defined indications** only.
- ◆ All our patients have an option of Medical management Vs. Angioplasty Vs. Bypass Surgery after Coronary Angioplasty.
- ◆ All cases are reviewed by our Cardiology team and Surgical team for final decision.
- ◆ We are forever GUIDED and BOUND by .....  
*Ethics, Quality, Dedication, Service, Honesty, Integrity, Responsibility & Accountability*

## Our team...

### Dr. Vinit Pandey

M.S., M.Ch.  
Cardiovascular & Thoracic Surgeon

Mob. : 9425062262

Dr. Vinit Pandey is post Doctorate from Bombay Hospital, Mumbai University.

He has worked extensively in cardiovascular & thoracic Surgery. He is specially trained in off-pump beating heart coronary bypass surgery with **total arterial revascularization**, valvular replacement, repair & complex congenital heart disease surgeries, vascular surgeries & thoracic surgery. He has also worked at Ruby Hall Clinic & Deenanath Mangeshkar Hospital, Pune, which is known for its excellence & highest number of operative cardiac cases every year.

### Dr. Deepesh Kothari

M.D., D.M., FSCAI  
Interventional Cardiologist

Mob. : 9993155363

Dr. Deepesh Kothari is trained Interventional cardiologist with expertise in radial angiography & radial angioplasty. He trained in LTMMC & SION Hospital, Mumbai. Which is known for India's first angiography & PTCA procedure. He was consultant Cardiology at Fortis Hospital where he specialized in primary angioplasty.

He runs the hospital's "Heart attack relief at your door step" initiative which provides emergency service for patients with chest pain.

## CARDIOTHORACIC SURGERY

Our Surgical team is expert in all type of revascularization procedures, valve repair/replacements & a variety of procedures like aneurysm repair, vascular surgery & congenital heart disease surgery.

### Services Offered

- ◆ CABG, Total arterial bypass grafting
- ◆ Single valve & Double valve replacement
- ◆ Bypass grafting of peripheral vessel
- ◆ Carotid endarterectomy
- ◆ Heart valve repair/replacement
- ◆ Minimally invasive cardiac surgery.
- ◆ Off pump sequential graft
- ◆ Vascular Surgeries
- ◆ Thoracic Surgeries
- ◆ Pneumonectomy
- ◆ Lobectomy
- ◆ Decortication
- ◆ Pleurectomy
- ◆ Pericardiectomy

## CARDIOLOGY

Our Intensive cardiac care unit (ICCU) is equipped with modern & sophisticated equipments. This combined with caring staff & trained doctors makes it a "Winning hearts" team.

The Cardiac Catheterization Laboratory is equipped with high tech digital flat panel GE cath lab. Our 24 x 7 emergency services include expedited treatment of patients with acute heart attacks (STEMI) called primary angioplasty i.e. speed matters where minutes can change the outcome of treatment.

### ◆ Non Invasive Cardiology

- ECG
- TMT
- Stress ECHO
- Holter Monitor
- ECHO with colour doppler
- CT-Angiogram (64-Slice)

### ◆ Invasive Coronary Procedure

- Coronary angiogram (Radial & femoral)
- Balloon angioplasty with stenting.
- Internal mammary / SVG graft angiography & angioplasty.
- Balloon valvuloplasty
- Peripheral angiogram and angioplasty.
- Diagnosis & treatment of heart rhythm disorders (EP study & Ablation)
- Pacemaker, CRT & ICD Implantation
